Job Summary

The primary role of the classroom teacher is to maximize student learning and development through the planning, preparation, and teaching of the curriculum to meet students' individual learning needs and achieve specific student outcomes. Teachers teach a range of student abilities and classes and are accountable for the effective delivery of their curriculum. In addition, the classroom teacher engages in critical reflection to improve their knowledge and skills to engage students better and improve their learning.

Classroom teachers assume roles beyond the classroom in endeavoring to maximize students' learning. These roles include working collaboratively with colleagues and other members of the school community and communicating with parents and caregivers.

The classroom teacher's contribution to the school goes beyond the classroom. They participate in developing the school policies and programs and assist in implementing school priorities. All classroom teachers may be required to undertake other duties besides their teaching duties.
