### Week 3 Summer 2025 (August 4th~8th)

#### **Think Outside: Nature Meets STEAM**

Where imagination builds, and nature leads the way! This summer, step out of the classroom and into the wild, where sticks become structures, leaves become art, and every trail leads to a new discovery! In Think Outside, campers dive into hands-on adventures that blend Science, Technology, Engineering, Art, and Math (STEAM) with the wonders of the natural world.

##### **Learning Domains:**

- **Thinking skills:** Solving problems, thinking like a designer, and learning how nature works through fun STEAM activities.
- **Feeling & Social skills:** Building curiosity, working as a team, trying new ideas, and growing confidence by solving challenges outdoors.
- **Doing & Research skills:** Building, measuring, using simple tools, and creating with natural materials safely and creatively.

Monday-Thursday: 9:00 -13:00

Friday: 9:00-15:00 (Outdoor adventure)

### Week 4 Summer 2025 (August 11th~15th)

#### **EcoTinker Camp: STEAM in Action**

Invent, build, and explore—powered by nature!

At EcoTinker Camp, young creators become eco-engineers as they dive into hands-on STEAM adventures inspired by the natural world. Using everyday and natural materials, campers will build, tinker, and experiment outdoors while exploring real-life problems and creative solutions.

##### **Learning Domains:**

- **Thinking skills:** Use the design-thinking process to plan, build, test, and improve projects.
- **Feeling & Social skills:** Build curiosity and confidence through creative experimentation.
- **Doing & Research skills:** Practice fine and gross motor skills through building challenges and outdoor tinkering stations.

Monday-Thursday: 9:00 -13:00

Friday: 9:00-15:00 (Outdoor adventure)
